Automatic Pool Cleaners

Davey LeafWIZARD®

DAVEY POOL WIZARDS CLEAN LIKE MAGIC

Davey PoolWIZARD Automatic Pool Cleaners:

STOP manually cleaning your pool!

An automatic pool cleaner can save you a lot of precious time by removing the unwanted litter, dirt and grime that builds up in your pool.

Relax and get a Davey PoolWIZARD automatic pool cleaner.

If you want a sparkling pool and leaves aren't your main problem, then the Davey Frill-NeckWIZARD is the ideal cleaner for you.

But if you're tired of constantly removing leaves and gumnuts from your pool, then you need a Davey LeafWIZARD.

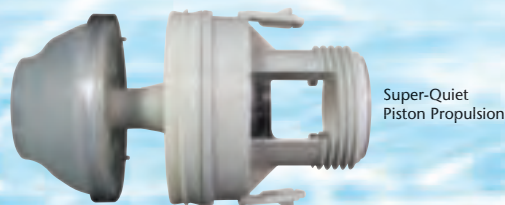

The Frill-NeckWIZARD®:

Does your pool require constant maintenance to keep it looking clean and clear? With a Davey Frill-NeckWIZARD, dirt and grime in your pool will be a thing of the past. It works like Magic!

Quiet Drive System:

The Frill-NeckWIZARD incorporates unique piston propulsion created by its revolutionary engine unit and the suction from your pump.

This piston propulsion is super-quiet with no annoying thumping noises. Like the LeafWIZARD you can run the cleaner at any time of the day or night without disturbing your tranquil poolside setting.

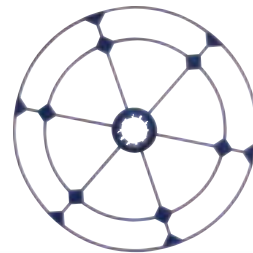

Super-Quiet Piston Propulsion

Fast and Effective Pool Cleaning:

The Frill-NeckWIZARD's powerful piston propulsion moves it quickly around your pool while removing unwanted dirt and grime. The footpad and specially designed cleaning frill combine to capture dirt whilst effectively scrubbing your pool surface.

Suits Most Popular Pool Types and Pumps:

The Frill-NeckWIZARD requires only a very low flow so it can be used on most in-ground and above ground pools. It is suitable for use on all popular pool surfaces such as fibreglass, concrete, tiled and vinyl linings, and comes packed with two footpad designs for best performance on your pool.

Large Deflector Ring

Compact and Manoeuvrable:

The clever design of the Frill-NeckWIZARD means that it is compact and manoeuvrable. It is less likely to get trapped in difficult locations like stairs and ladders. It includes a deflector ring that turns it away from difficult obstacles while a large deflector ring is also available as an accessory, for really problematic locations.

The Frill-NeckWIZARD® Includes:

- ★ Frill-NeckWIZARD™ with Cleaning Frill, Deflector Wheel & Bumper
- ★ 12 x 1 meter hoses
- ★ Surface Disk
- ★ Hose Weight & Protector
- ★ Automatic Weir Valve
- ★ Universal Weir Adapter
- ★ 2 x 45 Angle Joints
- ★ 2 x Footpads to suit your pool surface
- ★ Flow Meter

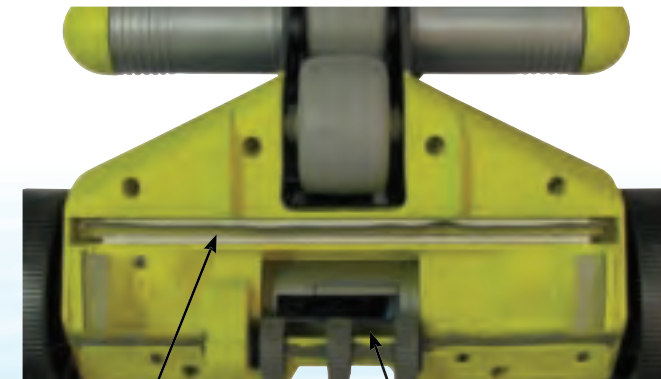

Flow Rate Required: 60-70 lpm

LeafWIZARD®:

Tired of constantly cleaning your pool to remove leaves and dirt? Then you need a Davey LeafWIZARD.

Superior Leaf Handling:

The LeafWIZARD is specially designed to clean pools prone to a high leaf load and for sweeping dirt off the floor of your pool. The LeafWIZARD has an extra-large mouth that swallows up most troublesome leaves, gumnuts, needles and seeds.

Brush

Extra-large Mouth

Quiet Drive System:

The LeafWIZARD is propelled around your pool using a unique super-quiet water turbine system that is driven by the suction from your pump. You can run the cleaner at any time of the day or night without disturbing you or your neighbours.

Sweeps and Vacuums:

The LeafWIZARD's extra-large mouth is surrounded by brushes. These brushes gently scrub and sweep dirt and litter into the LeafWIZARD's vacuum opening, leaving your pool floor magically clean.

Fast and Effective Pool Cleaning:

The LeafWIZARD incorporates a unique reverse and turning system that regularly changes its direction to avoid repeated cleaning patterns. The clever Flipper Arm operates to lift the LeafWIZARD over obstacles on the pool floor while the rollers underneath the cleaner drive it over raised pool fittings such as main drains and hydrostatic valves.

The LeafWIZARD is suitable for use all popular pool surfaces and comes packed with two tyre designs for best performance on your pool.

The LeafWIZARD® Includes:

- ★ LeafWIZARD Head
- ★ 12 x Quality 1 meter hoses
- ★ 2 x sets of tyres to suit your pool
- ★ Speed Control Valve
- ★ Hose weight & protector

Flow Rate Requirement: 140-200 lpm
