DAVEY
POOLSWEEPA™
Wallclima

Robotic Pool Cleaner

The PoolSweepa Wallclima is a standalone fully robotic pool cleaner that cleans the pool floor, walls and water line.

APPLICATIONS

Ideal for swimming pools such as:

- Lap pools (Optima only)
- Concrete and tiled pools
- Fibreglass pools
- Vinyl liner pools

DUAL DRIVE
MOTOR

DAVEY
POOLSWEEPA™
Optima

Robotic Pool Cleaner

The PoolSweepa Optima is a top of the range standalone fully robotic pool cleaner with exceptional cleaning capabilities. Optima is suited for larger residential pools up to 15 metres in length.

WHY CHOOSE THE PoolSweepa™ Wallclima or Optima?

Wallclima and Optima require no connection to pool filtration systems and its environmentally-friendly cleaning process means you require less chemicals. It scrubs, brushes, vacuums and filters to prevent germination of algae and bacteria.

Optional Wonder Brush available for fully tiled or fibreglass pools.

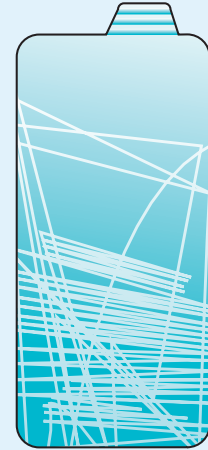

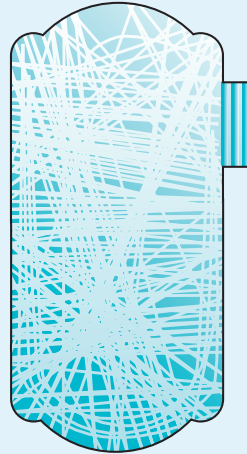

- Suitable for pools up to 12m in length and beach entry pools with Wallclima and 15m with Optima
- Cleans pool floor, walls and water line
- Digital switch mode power supply for long term drive control and lower running costs
- Adjustable handle floats for optimal pool coverage
- Ultra fine filter bag collects dirt, debris and dust particles
- Advanced scanning programme optimises pool coverage
- Obstacle escape capability
- Automatic shut off at end of cycle time
- Motor protection mechanism in case of the pool cleaner being overloaded or out of water
- 3 year warranty on all parts
