

TriStar[®]

Energy Efficient, High Performance Pump Series

TriStar outperforms the competition when it comes to flow, efficiency and value.

The new TriStar Pump features heavy-duty, high performance technology. Easy to install, service and maintain, it's the first to feature a Tri-Lock lid with a large, no-rib strainer basket design that's quick and easy to clean.

TriStar®

The TriStar pump's advanced hydraulic design optimises the three essential pump elements to deliver superior flow, impressive energy efficiency and value.

TriStar® Features & Benefits

- Super-sized basket means more capacity and less time cleaning.
- Save up to 70% on your energy costs.
- Lexan see-thru strainer cover lets you see when the basket needs cleaning.
- Mounting base provides stable, stress-free support.
- Rugged one-piece housing, with full flow ports, assures rapid priming and continuous operation.
- Easy access to all internal parts by disengaging just 6 bolts.
