POOL ACCESS EQUIPMENT

SERIOUS EQUIPMENT • SERIOUS FUN • ACCESS FOR ALL

access **for all**

Aquatic activities benefit people of all ages and abilities, and our comprehensive line of pool access equipment helps ensure every water enthusiast can get in and out of the pool safely. All S.R.Smith pool lifts are constructed with powder-coated stainless steel and aluminum and have integrated arm rests.

PAL Hi/Lo—For in-ground pools and raised spas.

PAL2—Portable Aquatic Lift

PAL® SERIES

The portable PAL® Hi/Lo and PAL2 are ideal for commercial and hospitality pools.

- Easy to move by one person
- 136 kg lifting capacity
- Integrated armrests included
- 240° rotation
- Third-party tested and DDA compliant

aXs2
360° rotation

Splash!™
Standard & Extended Reach models available

aXs2 POOL LIFT

The aXs2 is a low profile pool lift that is an ideal access solution for residential, community and hospitality swimming pools.

- Third-party tested & verified ADA compliant
- 360° rotation for transfer safety and flexibility
- Compact design requires minimal deck space
- Sturdy and generous rotomolded seat
- 136kg lifting capacity
- Full range of operation from handset and control box
- Conveniently ships in two boxes
- Third-party tested and DDA compliant

SPLASH!™ SERIES

This lifting system is designed for facilities seeking to provide user-friendly pools, and comes with a caddy for easy handling and transport.

- 181 kg lifting capacity*
- Splash! Extended Reach—for gutter configurations requiring a longer reach to the water line
- 344° rotation
- Includes stainless steel anchor socket with cap
- Third-party tested and DDA compliant

**Lifting capacity of the Extended Reach models is 136 kg*

MOBILE AQUATIC CHAIR (MAC)

The MAC, with a 136 kg weight capacity, is essential for facilities utilising a ramp for zero-depth entry.

SLING ATTACHMENT

Strong, mesh sling seat assembly attaches to all S.R.Smith pool lifts. It is an optional accessory for the rotomolded seat.

LIFT OPERATOR® INTELLIGENT CONTROL

A standard feature with all S.R.Smith pool lifts, the LiftOperator® is the most technologically advanced pool lift control on the market.

- Emergency stop button stops the lift mid-cycle
- Audible safety alert can signal facility personnel
- Internal memory stores usage data that can be uploaded for analysis

MOBILE PLATFORM LIFT

Hydraulic driven platform allows users to descend into the pool from aquatic chair or from a standing position.

MOBILE AQUATIC STAIRS

The stairs easily roll into position along the pool deck to assist individuals with limited mobility into the pool.
