

TRIMLINE CARTRIDGE FILTERS

Compact and Economical Filtration

Trimline cartridge filters are compact, economical filters designed to effectively filter out suspended solids from your pool.

Trimline cartridge filters utilise a specially treated synthetic fabric which is pleated into a cartridge. Cartridge filters are ideal for applications where backwashing may not be practical.

Rugged Construction

Constructed from high impact polypropylene and designed for easy maintenance, Trimline cartridge filters will give years of trouble free service.

Trimline Pleated Filter Cartridge

The Trimline pleated filter cartridges are fabricated from pleated reusable polyester fabric. The media has been pleated to provide 4.6 to 9.3 square metres of surface area in order to maximise the cartridge dirt holding capacity and extend the time between cleaning.

Material: Polyester Fabric material, Vinyl Plastisol end caps and a Polypropylene core

Operating Temperature: 4°C to 50°C

Maximum Pressure Drop: 20 kPa

Simple Maintenance

The filter cartridge is easily cleaned by hosing the pleats with a standard garden hose.

Dimension

Technical Specifications

Product Description	Filter Area		Max. Flow Rate		Working Pressure		Pool Size		Overall Weight (kg)
	(m ²)	(ft ²)	lpm	m ³ /hr	kPa	psi	litres	m ³	
Trimline CC50	4.6	50	190	11.4	350	50	68,400	68.4	8.6
Trimline CC75	6.9	75	280	16.8	350	50	100,800	100.8	10.5
Trimline CC100	9.3	100	380	22.8	350	50	136,800	136.8	14.0

Warranty

Waterco is proud to show its absolute confidence in its range of Trimline cartridge filters by offering a 10 (5+5) tank warranty and 1 year warranty on all other components.

Commercial applications attract a 1 year tank warranty.
